## *Status of the Dillon RMP Planning Process*

The Dillon Draft RMP/EIS was made available to the public in March 2004. The public comment period on the Dillon Draft RMP/EIS ended on July 12, 2004. The RMP is being prepared for BLM lands administered by the Dillon Field Office in southwest Montana. BLM has been busy considering the comments received from almost 1700 comment submissions, preparing responses, and determining what adjustments need to be made to the Preferred Alternative and the EIS.

A Proposed RMP/Final EIS is scheduled for release in April 2005 and will document changes to alternatives and the accompanying analysis as a result of public comment and internal review. A 30-day protest period will follow publication of a Notice of Availability (NOA) in the *Federal Register* by the Environmental Protection Agency. The Governor's Consistency Review of the document will also take place after release of the Proposed RMP/Final EIS.

To help minimize printing and mailing costs, the Proposed RMP/Final EIS will be posted on the Dillon RMP website at [www.mt.blm.gov/dfo/rmp](http://www.mt.blm.gov/dfo/rmp). The BLM will also issue the document in CD format and place printed versions of the document at BLM and Forest Service offices and in local libraries in and around the planning area. Copies of the document will be available at the following locations:

BLM Butte Field Office  
BLM Dillon Field Office
